## Elvis, Me, and The Lemonade Stand Summer

### Architecture Activity

Truly's lemonade stand is a popular place in the trailer park. Over time, more and more people stop by to purchase not only lemonade but jam and muffins.

Your challenge is to design a lemonade stand. Would it be something you could move from location to location or would it be a small shack-like building? Would you have signs, lights or stools for people to sit on? In the space below, create an image of a lemonade stand. Use any materials you have at home or school. Or, use materials to build a mini stand!

### Fashion Design Task

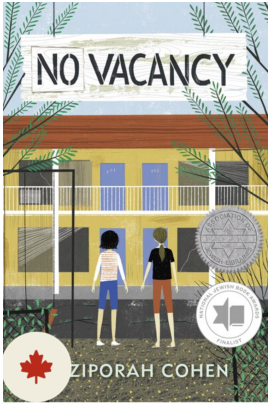

Truly's mother is a talented seamstress and designs costumes for the majorette team. These costumes are impressive and full of sequins, sparkle and pizzazz. In the space below, design an outfit for a majorette? What materials would be best for this type of activity? Use any materials you have at home or school.

## No Vacancy Art Activity

There is a picture of what the motel looks like on the cover. Would you have imagined something different? If so, draw an image of what you think the building should look like in the space below.

### **No Vacancy Media Activity**

At the very beginning of the book, when the Brockman family first enters the lobby, there is a stand with colourful brochures of activities near the motel. Miriam mentioned that these were quite cheery and full of colour which was the exact opposite of the lobby.

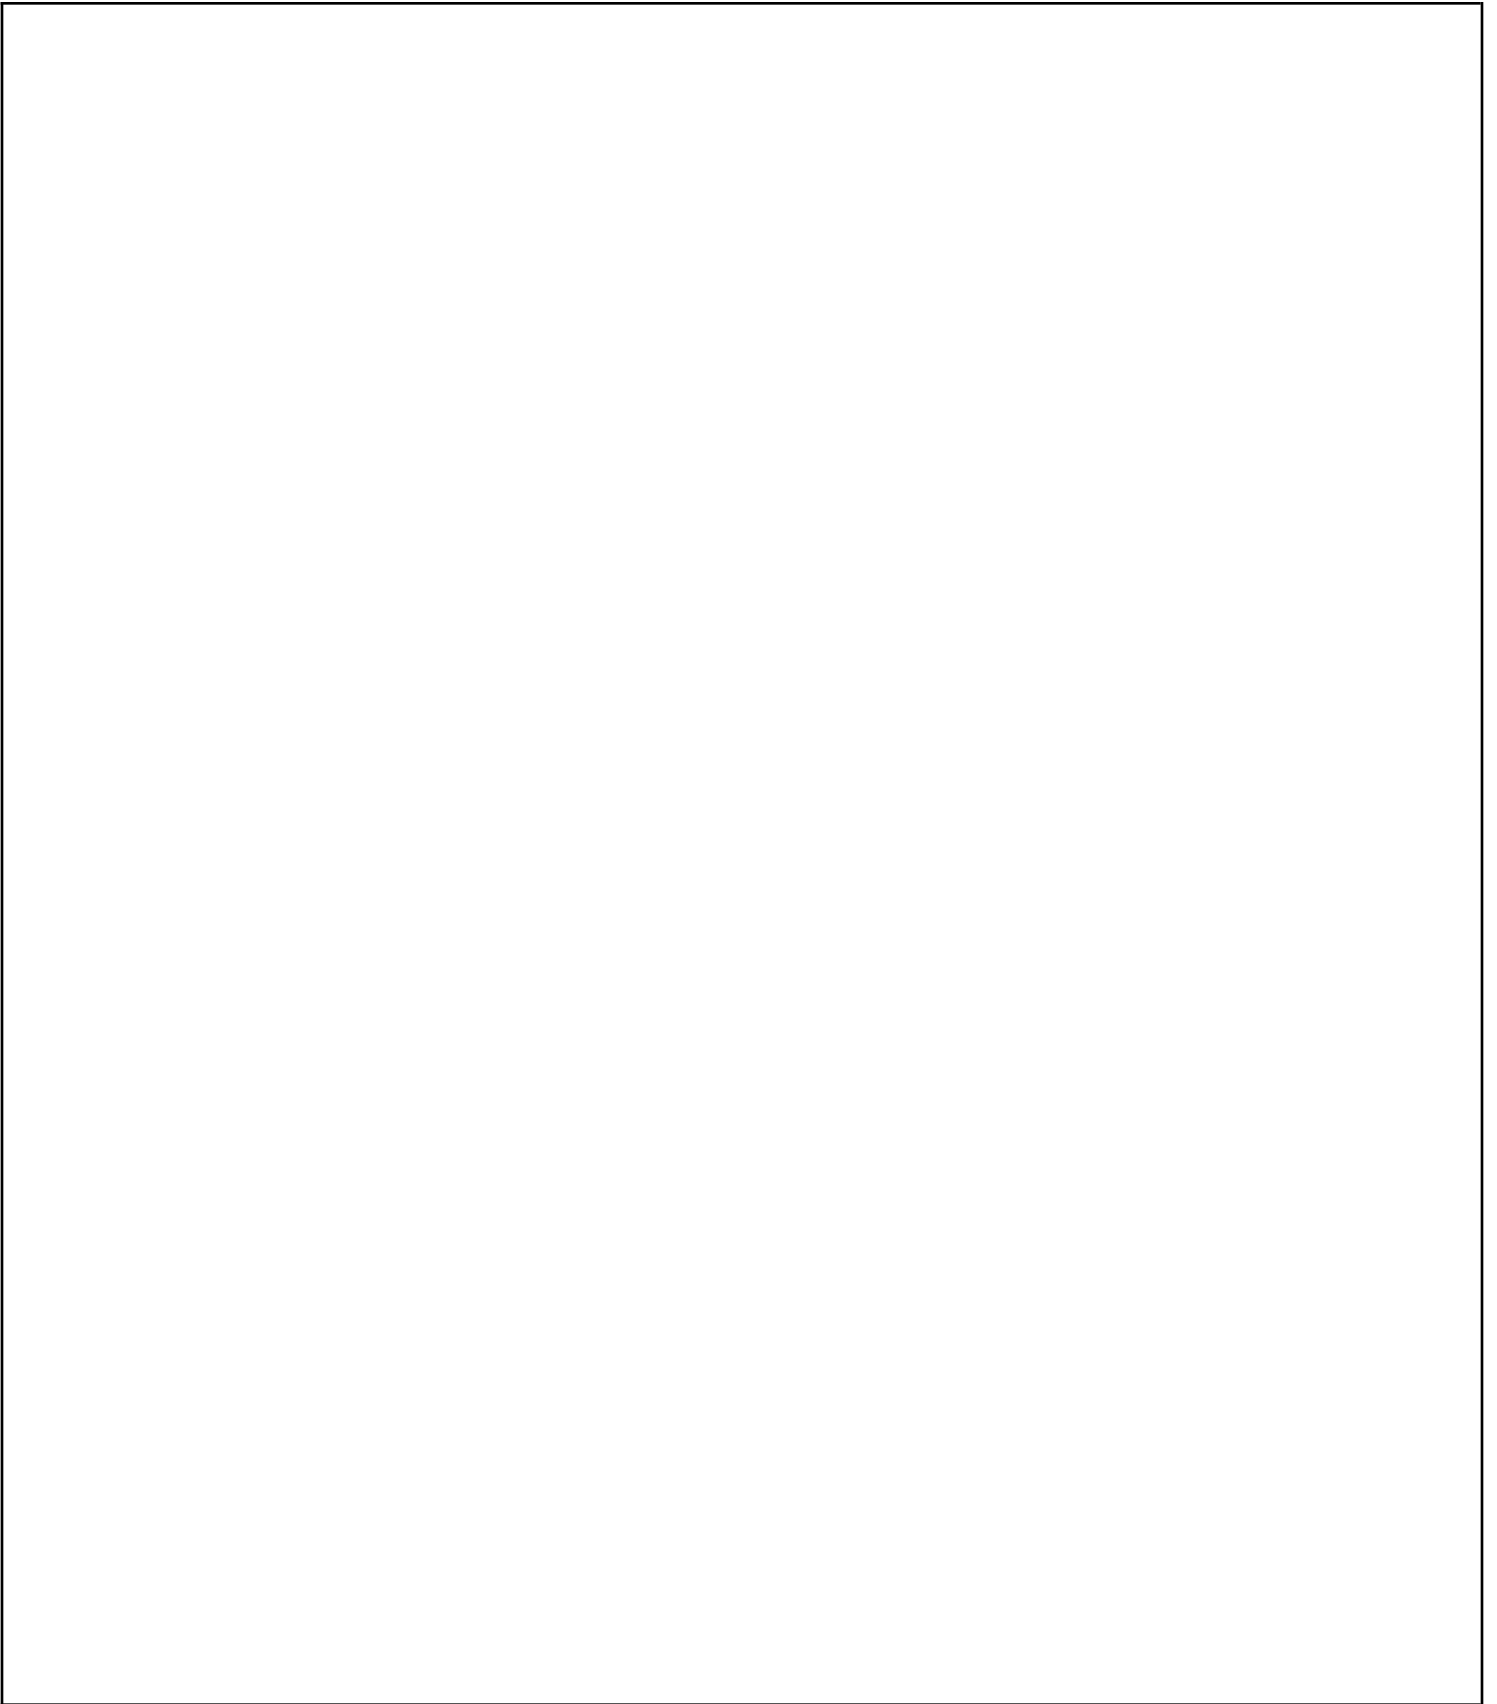

#### **Your Task!**

Design a brochure for the Jewel Motor Inn. Think of brochures that convince you to buy, try or do something. What makes these documents work?

Pick a few scenes, such as the room where Angelo is locked in or the area where the planks cover the pit. Use the space below to draw or paint a few areas. Maybe you will choose to draw a picture of the exterior of the castle. Use any materials you have at school or home.
